GRREC is pleased to present The Conceptual Building Blocks Academy for K-5 educators of mathematics. The CBB Academy provides a deep study of the Kentucky Academic Standards (KAS) of mathematics with a focus on the Standards for Mathematical Practice and Vertical Progressions. Each school team will experience and learn strategies that will deepen their content knowledge and pedagogy. There are three modules: addition/subtraction (2 days), multiplication/division (2 days), and fractions (2 days). An additional 1 day of training for each school's team coach will offer strategies for coaching teachers and sustaining the work to maximize the impact on student achievement. Follow-up will include on-site coaching with a GRREC consultant. The modules were developed to support teachers in meeting the needs of all students with a focus on struggling math learners.

Learning Targets:

- Experience and learn strategies that will deepen content knowledge and pedagogy.
- Learn strategies for coaching teachers to maximize the impact on student achievement.
